Executive Summary of the Report and methodological notes

WP5 intended to directly foster the dissemination and support for the implementation of the VET policy agenda, both at each national level and at EU level as well, to widely mainstream knowledge, feedback and experience of VET policy implementation and further strength the sharing of best practices on VET excellence. Thus WP5 activities were entirely focused on giving contribution to the [European Vocational Skills Week](#) initiative.

In relation to the EUVSW 2020 edition, NEW VET partners were expected to organize one or more collateral event at their national level in order to raise the attractiveness of VET, while reaching out to a wide audience, including parents, learners, teachers, companies, and in particular SMEs.

All the national collateral events listed in the present Report have been properly registered on the official platform powered by the European Commission and they all received the label “Official Partner of the EUVSW 2020”. Unfortunately, the database of the EUVSW national collateral events organised in 2020 is not available on the web and for this reason the Author decided to provide readers with the full information fiche of each event organised.

Afterwards the participants can test themselves and their soft skills. In concluding energizer trainings they will learn how they can improve their soft skills. The winners of the NEW-VET "Share-your-story" competition are also invited to the workshop - the 3 best stories about extraordinary, positive, exemplary experiences in vocational training will be awarded. Anschließend können die Teilnehmenden sich selbst und ihre Soft Skills testen. In abschließenden Energizer-Trainings erfahren sie, wie sie sich in punkto Soft Skills noch besser aufstellen können. Zu dem Workshop sind auch die Gewinner des NEW-VET "Share-your-story"-Wettbewerbs eingeladen - die 3 besten Stories über außergewöhnliche, positive, vorbildhafte Erfahrungen in der Berufsbildung werden ausgezeichnet.
